Hello Everyone~

Chaplain Chat

QUESTION: What is your favorite season? And is there a favorite beverage you associate with that season?

I will admit, I am a sucker for every child's lemonade stand during the summer months. I will sometimes do a U-Turn to go and support a child in a driveway selling lemonade. In the fall, I like Hot Apple Cider, it just seems to go together for me. In the winter I think my favorite is Hot Chocolate with whip cream, but a great cup of coffee is probably what I grab most often. In the Spring a tall glass of Tea, no sugar, lots of ice and if there is fresh mint growing I will throw a few of their leaves in to make it extra special.

Chaplain Kent looks forward to hearing your answers this month.

Department Updates

Business Office

The business office is working on its second month of using the optional electronic payment system. The first month was great to see that some in our community have chosen to use this option for payment. I hope that between the written instructions and the demonstration that you are comfortable with this payment option. If anyone is in need of further assistance with this please let myself or the front desk know. If there is enough interest, I can hold another demonstration as well. Thank you all for the support you have given me as I entered the full time position here.
