Residents & Families~

Employee annual surveys are underway. These are a great way to receive feedback from our staff and set goals as we look forward to 2025.

National Assisted Living Week is the second week of September. Join us for theme days! See flyers for more details.

A Certified Nursing Assistant program is rolling out for our frontline staff. This will give our caregivers an opportunity to be paid to take courses and obtain their CNA. Upon completion, the employee will receive a raise. Regina Thomas is the first staff enrolled in a September course. Enrollment will open to all staff in November.

As always, we welcome your feedback.
