

# LEGACY COURT NEWSLETTER

JULY  
2025

## Friendly Updates

### Warm Weather

Please help us help your loved one by having sunscreen, sun hats, sunglasses, and lighter clothing readily available and easy to find in the apartment. Label all items if you can!

### Dementia Series

Starting in July, we will have multiple programs focusing on educating our community about Dementia. Please feel free to join our residents on Mondays in July for special programs. In August, we will begin classes led by the Alzheimer's Association on specific topics.

### Walk to End Alzheimer's

Whether your loved one has Alzheimer's or another form of Dementia, we support them. Round Lake will be walking to raise awareness and funds for this cause. See the link in our general newsletter for more details.

### Community Updates

Please refer to Round Lake's Newsletter for general Community information.

## Dementia Education

Encourage reminiscing. Ask about "the good old days". These are memories that are preserved longer and people enjoy talking about. Refrain from quizzing your loved one. If they can't answer your question, let them know "it's okay" and move on to a new topic.

Talk to Angela in Community Life if you have questions!
